

# TABLE OF CONTENTS

|  |           |
|--|-----------|
| FOREWORD .....   | vii       |
| <b>EXECUTIVE SUMMARY .....</b>   | <b>ix</b> |
| Industries and Areas of Activity .....   | x         |
| Economic Performance .....   | xi        |
| R&D Expenditures .....   | xii       |
| Workforce .....  | xii       |
| Barriers to Business Competitiveness .....                                     | xiii      |
| Competitive Strategies and Outlook .....                                       | xiii      |
| <b>CHAPTER 1: OBJECTIVES AND METHODOLOGY .....</b>                             | <b>1</b>  |
| Background .....   | 1         |
| Objectives .....   | 2         |
| Definition of Biotechnology .....  | 3         |
| Scope of Assessment and Survey Population .....                                | 3         |
| Methodology .....  | 4         |
| Other Methodological Notes .....   | 6         |
| Organization of the Report .....   | 7         |
| <b>CHAPTER 2: OVERVIEW .....</b>   | <b>9</b>  |
| Variety of Applications .....  | 9         |
| Statistical Classification of Biotechnology Companies .....                    | 10        |
| Establishment Dates and Geographic Distribution .....                          | 11        |
| Ownership .....  | 16        |
| Financial Perspective .....  | 16        |
| Business Characteristics by Firm Size Category .....                           | 17        |
| <b>CHAPTER 3: BIOTECHNOLOGY APPLICATIONS .....</b>                             | <b>23</b> |
| Human Health Applications .....  | 24        |
| Human Health (HH) Respondents' Biotechnology Applications and Activities ..... | 26        |
| HH Respondent's Financial Characteristics .....                                | 28        |
| Exports .....  | 28        |
| Government Partnerships and Collaborations .....                               | 28        |
| Future Business Strategies .....   | 30        |
| Agricultural and Aquaculture/Marine Applications .....                         | 30        |
| AAM Respondents' Biotechnology Applications and Activities .....               | 31        |
| AAM Respondents' Financial Characteristics .....                               | 34        |
| Exports .....  | 34        |
| Government Partnerships and Collaborations .....                               | 35        |
| Competitive Concerns and Future Business Strategies .....                      | 36        |
| Animal Health .....  | 37        |
| Animal Health Respondents' Biotechnology Applications and Activities .....     | 38        |
| AH Respondents' Financial Characteristics .....                                | 38        |
| Exports .....  | 41        |
| Government Partnerships and Collaborations .....                               | 41        |
| Future Business Strategies .....   | 41        |
| Industrial and Agriculture-derived Processing .....                            | 42        |
| Biotechnology Applications and Activities .....                                | 42        |
| IAP Respondents' Financial Characteristics .....                               | 44        |

|   |           |
|---|-----------|
| Exports .....   | 45        |
| Government Partnerships and Collaborations .....                                      | 45        |
| Future Business Strategies .....  | 46        |
| Marine and Terrestrial Microbial .....  | 46        |
| Biotechnology Applications and Activities .....                                       | 47        |
| MTM Respondents' Financial Characteristics .....                                      | 47        |
| Exports .....   | 49        |
| Government Partnerships and Collaborations .....                                      | 50        |
| Future Business Strategies .....  | 50        |
| Environmental Remediation and Natural Resource Recovery .....                         | 51        |
| ERNR Respondents' Biotechnology Applications and Activities .....                     | 51        |
| ERNR Respondents' Financial Characteristics .....                                     | 54        |
| Exports .....   | 54        |
| Government Partnerships and Collaborations .....                                      | 55        |
| Future Business Strategies .....  | 56        |
| Other Applications .....  | 57        |
| Biotechnology Applications and Activities .....                                       | 57        |
| "Other" Respondents' Financial Characteristics .....                                  | 59        |
| Exports .....   | 60        |
| Future Business Strategies .....  | 60        |
| Respondents with Defense Contracts .....  | 61        |
| Biotechnology Applications and Activities of Respondents with Defense Contracts ..... | 61        |
| Business Practices .....  | 62        |
| Financial Characteristics of Respondents with Defense Contracts .....                 | 63        |
| Outlook and Future Business Strategies .....  | 64        |
| <b>CHAPTER 4: FINANCIAL AND ECONOMIC PERFORMANCE .....</b>                            | <b>67</b> |
| Net Sales .....   | 67        |
| Cost of Goods Sold and Sales, General, and Administrative Expenses .....              | 68        |
| Operating Income .....  | 69        |
| Costs and Operating Income Performance .....  | 69        |
| Labor Productivity .....  | 70        |
| Capital Expenditures .....  | 71        |
| Capital Investment Intensity .....  | 72        |
| <b>CHAPTER 5: RESEARCH AND DEVELOPMENT EXPENDITURES .....</b>                         | <b>73</b> |
| Firm Size Category Highlights .....   | 73        |
| Research vs. Development .....  | 76        |
| R&D Intensity .....   | 77        |
| <b>CHAPTER 6: EMPLOYMENT AND WORKFORCE .....</b>                                      | <b>79</b> |
| Occupational Employment .....   | 79        |
| The Technical Workforce .....   | 82        |
| Geographic Distribution .....   | 84        |
| Resources for Meeting Workforce Requirements .....                                    | 85        |
| Domestic and Foreign Outsourcing .....  | 86        |
| Future Workforce Needs .....  | 87        |
| <b>CHAPTER 7: COMPETITIVE OUTLOOK .....</b>   | <b>89</b> |
| Barriers to Business Competitiveness .....  | 89        |
| Access to Capital .....   | 92        |
| Intellectual Property .....   | 93        |

|  |            |
|--|------------|
| Competitive Strategies .....   | 94         |
| Foreign Markets and Exports .....  | 96         |
| Future Expectations .....  | 97         |
| <b>APPENDIX A: CRITICAL TECHNOLOGY ASSESSMENT OF BIOTECHNOLOGY<br/>IN U.S. INDUSTRY SURVEY QUESTIONNAIRE .....</b> | <b>99</b>  |
| <b>APPENDIX B: GROWTH RATE METHODOLOGY .....</b>   | <b>123</b> |
| <b>APPENDIX C: DATA TABLES .....</b>   | <b>127</b> |
| <b>APPENDIX D: GLOSSARY .....</b>  | <b>141</b> |
